It Is Always About YOU

Vision

To be leading human development firm in the middle east aiming to contribute into global development by 2020.

Mission

1. Developing and creating smart methods to support entities and individuals to reach maximum benefit from their resources.
2. Providing best customer experience.
3. Being a desired employer.

Values

Excellence and quality

We always provide our customers with an excellent product or service, one of quality to be proud of, that meets and exceeds their expectations.

People Development

We recognize and support the desire and ability of individuals to grow and improve. We care to provide both structured as well as on-the-job training, in managerial, technical and sales skills matching training with mentoring, and coaching. We aim at the successful development of people in a career path tailored to each person's abilities and potential.

Respect

We treat everyone with respect at all times. We respect our customers recognizing their needs and objectives. We respect our own colleagues recognizing their strengths, contribution and personal circumstances. We respect our competitors because together we create an environment that pushes us to constantly excel.

Innovation

We nurture and encourage our peoples desire and ability to be innovative in everything, from products to processes. We foster each person's freedom to come forward with technical, business, sales & efficiency ideas and we seek for the opportunities, as well as, the passion and actions to implement those.

Accountability

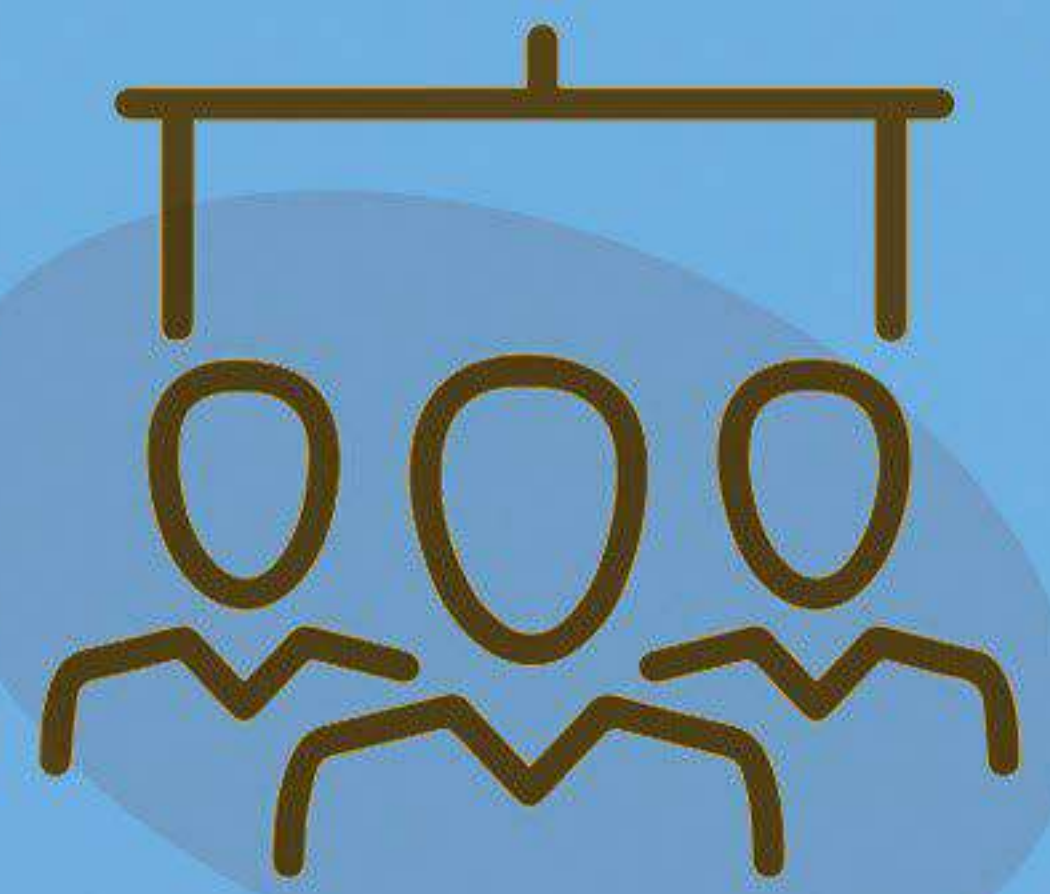

Individuals, departments, the whole company, we are all and we expect to be held accountable for our performance and results. We encourage responsibility on all levels, using initiative, as well as, making sure the end result always meets expectations.

Profitability

We strive for sustainable profitability in each business area, project and for our company as a whole as it underpins the financial rewards for our employees and shareholders. Profitability is also the foundation for our freedom to innovate and excel and sustain investment and development for the benefit of our customers.

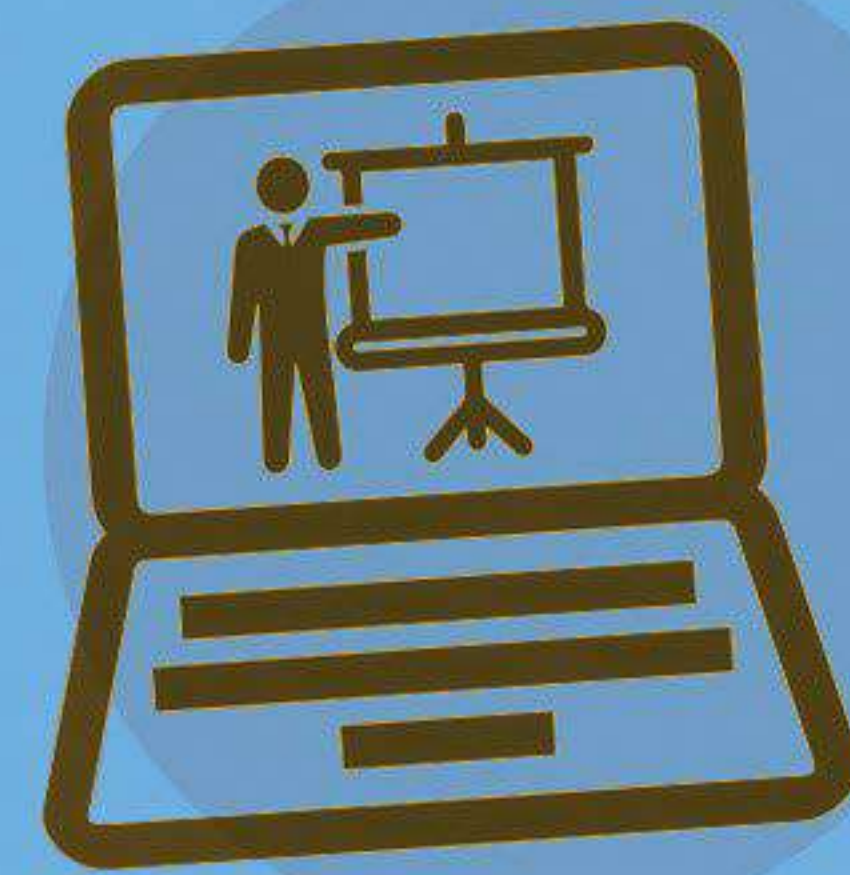

We Provide Diverse Learning Modalities.

Choose what's best for you from our learning methods.

Classroom

Advanced classroom equipped with sophisticated training tools and technologies.

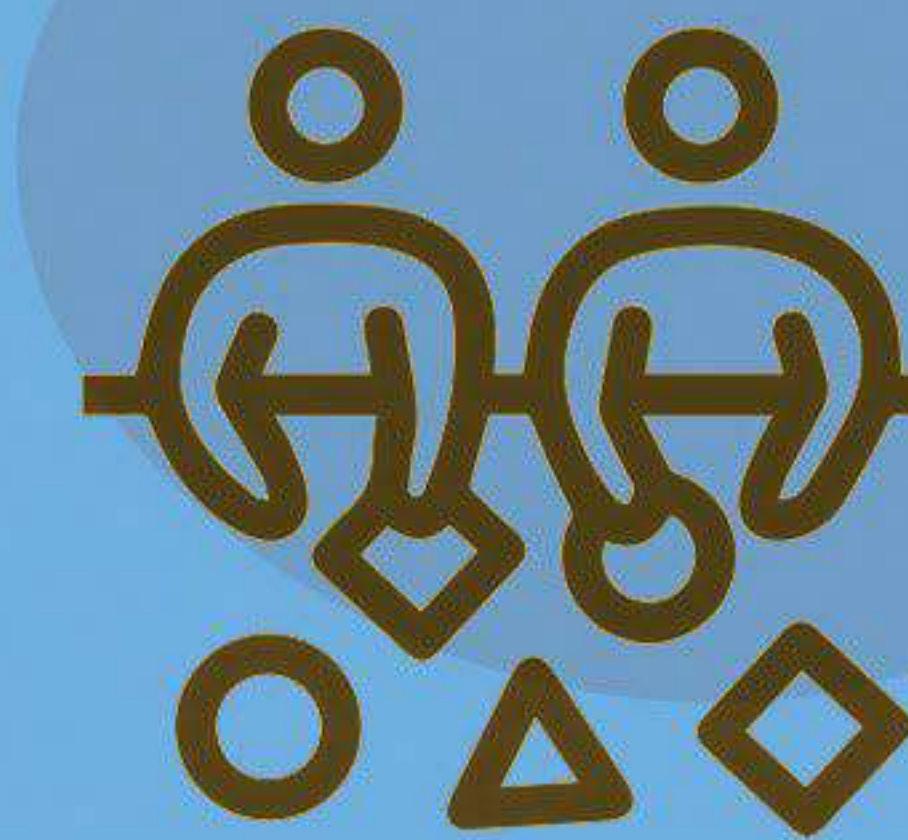

e-Learning & Virtual Classroom

For far distance residents We will set up a virtual classroom for you, to train and provide technical support.

Blended Learning

Combine a classroom session with online self-study (eLearning). We can brand everything to reflect your company's style.

Business Simulation

This fun, experiential and effective delivery method ensures that new learning 'sticks'.
Innovating IT Best Practices Training by integrating business simulations in traditional training offering.
